

AKTAS DIS TICARET A.S. supplies, stores, and distributes numerous chemical raw materials from the global market using developed and updated technologies in line with its corporate visions. Our institution offers the best services in the distribution of chemical raw materials to its customers in various sectors in Turkey and in nearby countries. We see the satisfaction of our customers as one of the fundamental components of our corporate culture and hold it in the focus of our work. We commit, with the responsibility and awareness that providing customer satisfaction brings along with it, for the purpose of providing products and services in international standards to our customers while assuming the goal of constantly improving our quality of service in line with the principles on which we have depended on through today;

- The ISO 9001:2015 Quality Management System,
- The ISO 14001:2015 Environmental Management System,
- The ISO 45001:2018 Occupational Health and Safety Management System,

To maintain within our corporate constitution and meeting all relevant requirements;

And as the Top Management, we commit to;

- Present to our customers quality products and services, without harming the natural environment or people, under safe and healthy conditions,
- Meet the needs and expectations of the customers while at the same time complying with all legal terms to fulfill our Obligation of Congruence,
- Comply under all conditions with the terms of ISO 9001, ISO 14001, and ISO 45001 and to continuously improve their effectiveness,
- Fulfill our duties in all topics that fall upon us for the popularization of the awareness of quality, the environment, and occupational health and safety,
- To reduce OH&S risks and to eliminate dangers,
- Provide a fully safe work environment and studies aimed at reducing risks regarding workplace accidents and/or occupational diseases and environmental dangers,
- Minimize sources of waste originating from our operations and, when possible, reuse, recycle, and, for waste that cannot be assessed, remove with suitable methods,
- Provide for the efficient use of energy, raw materials, and natural resources and conduct studies aimed at the reduction of their consumption,
- Observe the nature and ecological balance of our environment,
- To reduce environmental impacts with life cycle approach in the process from procurement of products and services to final disposal and meet the requirements of the standard
- Hold the health of our employees above all else and take any and all measures to provide for workplace health and safety,
- Consulting employees and employee representatives and ensuring their participation in OH&S, and
- Provide for studies sensitive to the quality of products and services, environment, and health and safety conditions of the operations we conduct with an awareness of shared responsibility, by training all our employees, from the largest unit to the smallest.

I would like to thank all AK-TAS employees for doing their part and for the maximum care they showed and will show on the matters found in this policy in the provision and continuously improvement of the effectiveness of all management systems that AK-TAS Dis Ticaret A.S. possesses.

**General Manager**
